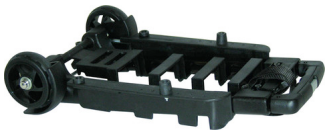
DICOTA Trolley

Functional fold-away trolley for the convenient transportation of DICOTA Notebook cases!

The fold-away DICOTA Trolley is the ideal transport solution for DICOTA Notebook cases with no integral trolley function. Notebooks become easier to transport because they can be conveniently placed onto the carrying surface of the trolley, which can be adjusted to suit different case sizes. Two rubber-coated spacers and a retaining strap with a buckle fastener hold the case in place whilst on the move. In addition, smooth-running wheels with ball-bearings make movement easier. After use, the trolley can be folded and stowed away to save space. Adjustable spacers ensure that the carrying surface of the trolley can be adjusted to suit the following DICOTA cases with no integral trolley function: DataCourier, DataBox Profile, DataBox Allround, DataBox Allround XL, DataDesk 80/90, DataDesk 450, DataDesk 460470, Data Concept, DataDesk Media, DataDesk 100, DataDesk 100 Compact and DataDesk 460/470 Compact.



Art. Nr.: Z22058Z ()
Material:
Weight: 1.8 kg / 3.97 lbs
Dimensions: 295 x 470 x 105 mm / 11.6 x 18.5 x 4.1 inch
